

Customer service is everything.

Good documentation is good customer service.

 **For the customer:** they know what was done, what changed, and what happens next.

 **For the company:** everyone can see what happened without chasing someone down.

 ...... 

DON'T PASS IT OFF. JUST DO IT.
You did it → you document it.

 did the work  saw the problem  took the call  made the change  handled it

 If it happened, **document it** — good, bad, or unexpected.

 SA not working? Keep taking photos. Let **Jon** or **Tausha** know right away.

Customer service is everything.

Good documentation is good customer service.

 **Handoff from the field**

scheduling · account changes · pricing

DOCUMENT IT.

Own what's handed to you:
update the job, note what you did.

✓ **Complete**

or **Skipped**

LOG IT.

Log client communication in SA.

SA ✓

PHOTOGRAPH IT.

Field photos are on the job in SA.
Use them when you talk with the client.

Skipped or changed?

Client hears the

SAME DAY.

Not the next morning.

Contacted the client?

Record it in the comment.

NOTATE IT.

Add a job comment **the same day:**

- 1 What happened?
e.g. "Client asked to move to Friday."
- 2 Was the client contacted?
- 3 What happens next?

 **End of day: your records accurate**

DON'T PASS IT OFF. JUST DO IT.

You did it → you document it.
