

PART 1 · FIELD TEAM 🚚

# Customer service is everything.

Good documentation is good customer service.

## DOCUMENT IT.

- ✓ Mark every job **Complete** or **Skipped** on the dispatch board.
- ✓ Submit the post-service form on every completed job.

## LOG IT.

- ✓ Clock in and out of **every job**.
- ✓ Service Autopilot down? Tell **Jon** or **Tausha** right away.

## PHOTOGRAPH IT.

- ✓ Take photos of completed work.
- ✓ Take photos of the reason for any skip or change: locked gate, dog, weather, damage.

## NOTATE IT.

**Skipped or changed? Write down:**

- ✓ What happened
- ✓ Whether the client was contacted
- ✓ What needs to happen next

### For the customer

They know what was done, what changed, and what's next.

### For the company

The office can see the full day without chasing anyone down.

## Don't pass it off. Just do it.

If you did the job or saw the problem, you document it. Don't leave it for a coworker or the office.

PART 2 · ADMIN TEAM 

# Customer service is everything.

Good documentation is good customer service.

Skipped or changed service? **The client hears from us the same day.** Not the next morning.

## DOCUMENT IT.

- ✓ Every job on the dispatch board is marked **Complete** or **Skipped** by end of day.
- ✓ Post-service forms are in for all completed work.

## LOG IT.

- ✓ Log every client call, text, and email in Service Autopilot.
- ✓ Log system problems as soon as a crew reports them.

## PHOTOGRAPH IT.

- ✓ Confirm field photos are attached to the job before it's closed.
- ✓ Add any photos a client sends in.

## NOTATE IT.

**Every skip or change gets a job comment:**

- ✓ What happened
- ✓ Whether the client was contacted
- ✓ What needs to happen next

### For the customer

They know what was done, what changed, and what's next.

### For the company

The office can see the full day without chasing anyone down.

## Don't pass it off. Just do it.

If you took the call or made the change, you document it. Don't hand it to a coworker.
